

## Introduction

The 2027 8th Asia Conference on Renewable Energy And Environmental Engineering (AREEE 2027) will be held in **Singapore** during **April 7-10, 2027**. The aim of the conference is to provide a premier platform for environmental engineers and researchers to present their works and to share experiences and ideas in renewable energy and environmental engineering with experts and scholars from around the world.

## Call for Papers

AREEE is seeking papers covering a wide range of topics relating to renewable energy and environmental engineering, including, but not limited to:

### Advanced Renewable Energy Technologies

- High-efficiency photovoltaic materials and devices
- Floating offshore wind turbine design and optimization
- Next-generation geothermal heat extraction systems
- Tidal and wave energy conversion technologies

### Environmental Engineering and Pollution Control

- High-efficiency photovoltaic materials and devices
- Floating offshore wind turbine design and optimization
- Next-generation geothermal heat extraction systems
- Tidal and wave energy conversion technologies

### Green Building, Sustainable Transport, and Low-Carbon Cities

- Net-zero energy building design and performance
- Passive house standards for hot and humid Asian climates
- Green roof and vertical garden technologies for urban heat mitigation
- Smart building automation for energy efficiency

### Sustainable Energy Policy, Integration, and Climate Resilience

- Grid integration of variable renewable energy sources
- Energy storage policies for grid stability and peak shaving
- Feed-in tariffs vs. renewable portfolio standards
- Community-owned renewable energy projects

## Publication

Submissions will be reviewed by both the conference committees and IJESD editorial board, accepted papers will be sent to International Journal of Environmental Science and Development for publication in regular issues, which will be indexed by **Scopus (CiteScore 2025: 1.2)**, Chemical Abstracts Services (CAS), CABI, DOAJ, Ulrich Periodicals Directory, Crossref, ProQuest, etc.
